HTS Monthly Events Newsletter - September 2014

Greetings,

I look forward to seeing everyone at the LES Annual meeting October 5-8 in San Francisco. We have a powerful lineup of speakers and topics scheduled over three days - including an outbrief of the latest HTS Royalty Rate survey. **Reminder** - please take a few minutes and input some deals into the survey system via the link in the email that you received. The survey is scheduled to close September 14th and we currently have 60 complete and 39 incomplete inputs. We would like to have at least 100.

We have a new HTS Secretary - Stefan Tamme of Rambus was elected as the 2014-2015 HTS Secretary. Please congratulate and welcome him. In the High Tech Sector, elected secretary's agree to a 3 year cycle to become Vice Chair, and then Chair of HTS.

We have a new set of leaders for our Semiconductor Committee - please welcome Changhae Park, VP Licensing @ Freescale - Chair, Marc Pepin, Manager, Patent Intelligence & R&D @ Global intellectual Strategies - Co-Chair, and Jeff Wallace Senior Technology Manager @ University of Illinois - Secretary. A special thanks goes out to Stefan Tamme and his team for recruiting such high caliber leaders.

Please see the HTS teleconference calendar below for upcoming presentations by some of the HTS committees during the month of September.

Regards,

Bob Held
2013-2014 LES USA & Canada High Tech Sector Chair
