CEEM: HOT TOPICS and TRENDS for Chemicals Environment Energy and Materials

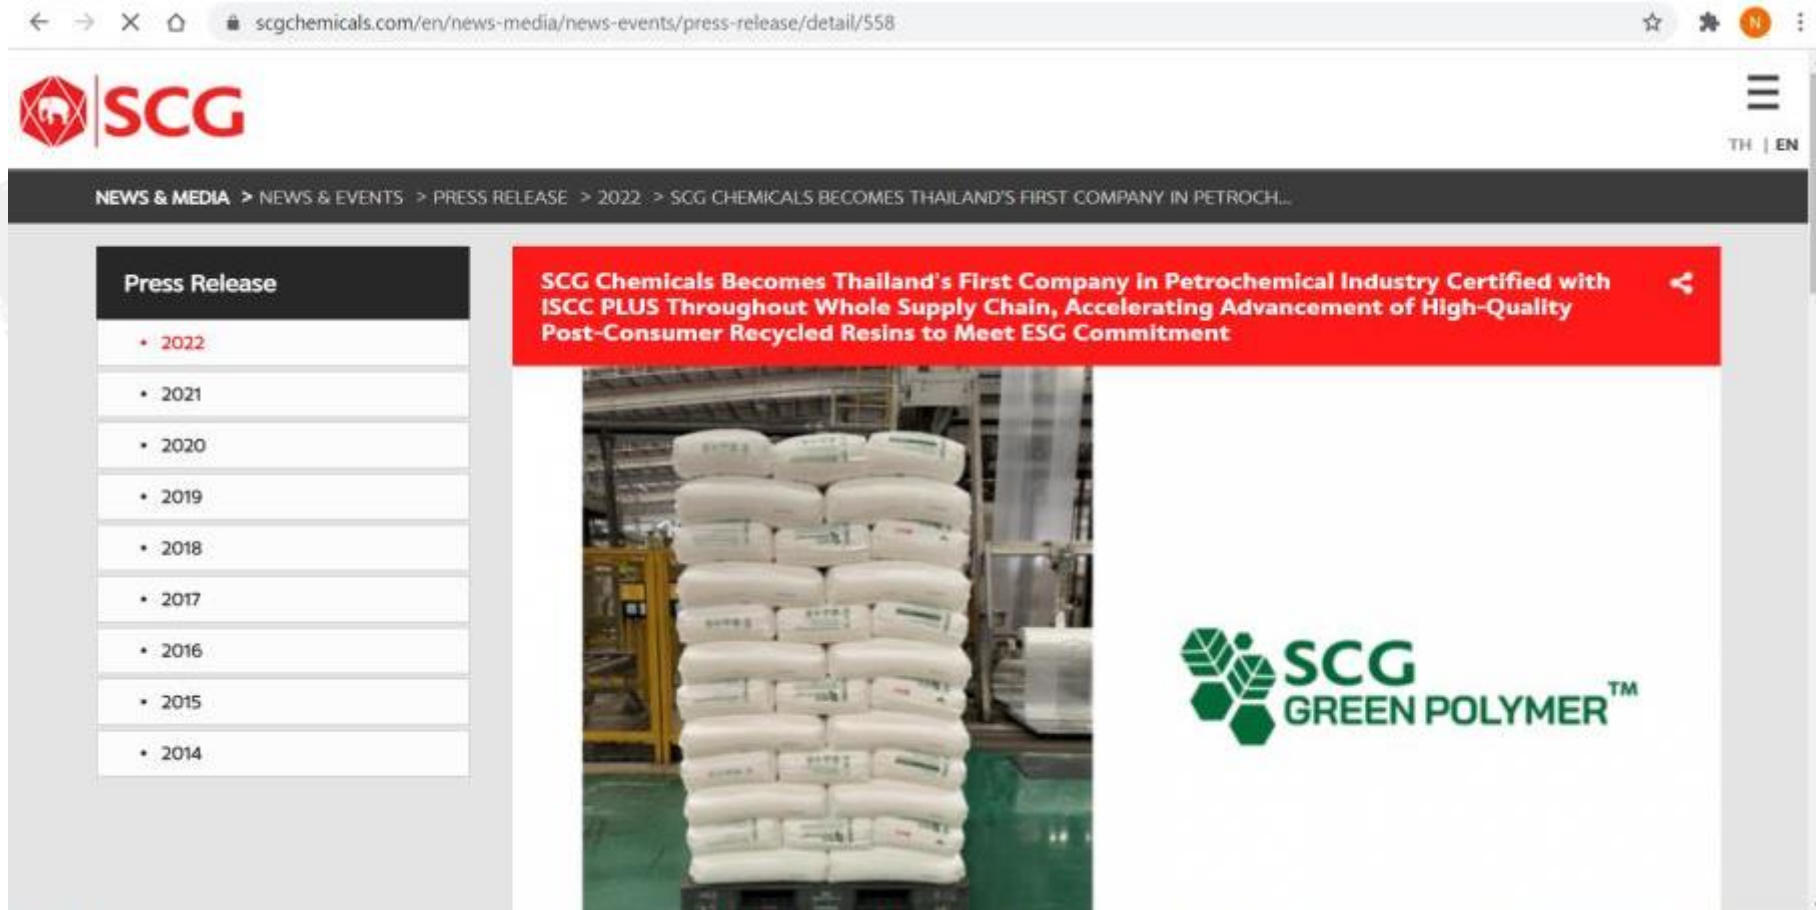

Thursday 29<sup>th</sup> April 2021

# IAB Member Companies' Involvements with Sustainable Development Goals (SDGs)/Environment Social Governance (ESG)

# IAB Member Companies' Involvements with Sustainable Development Goals (SDGs)/Environment Social Governance (ESG)

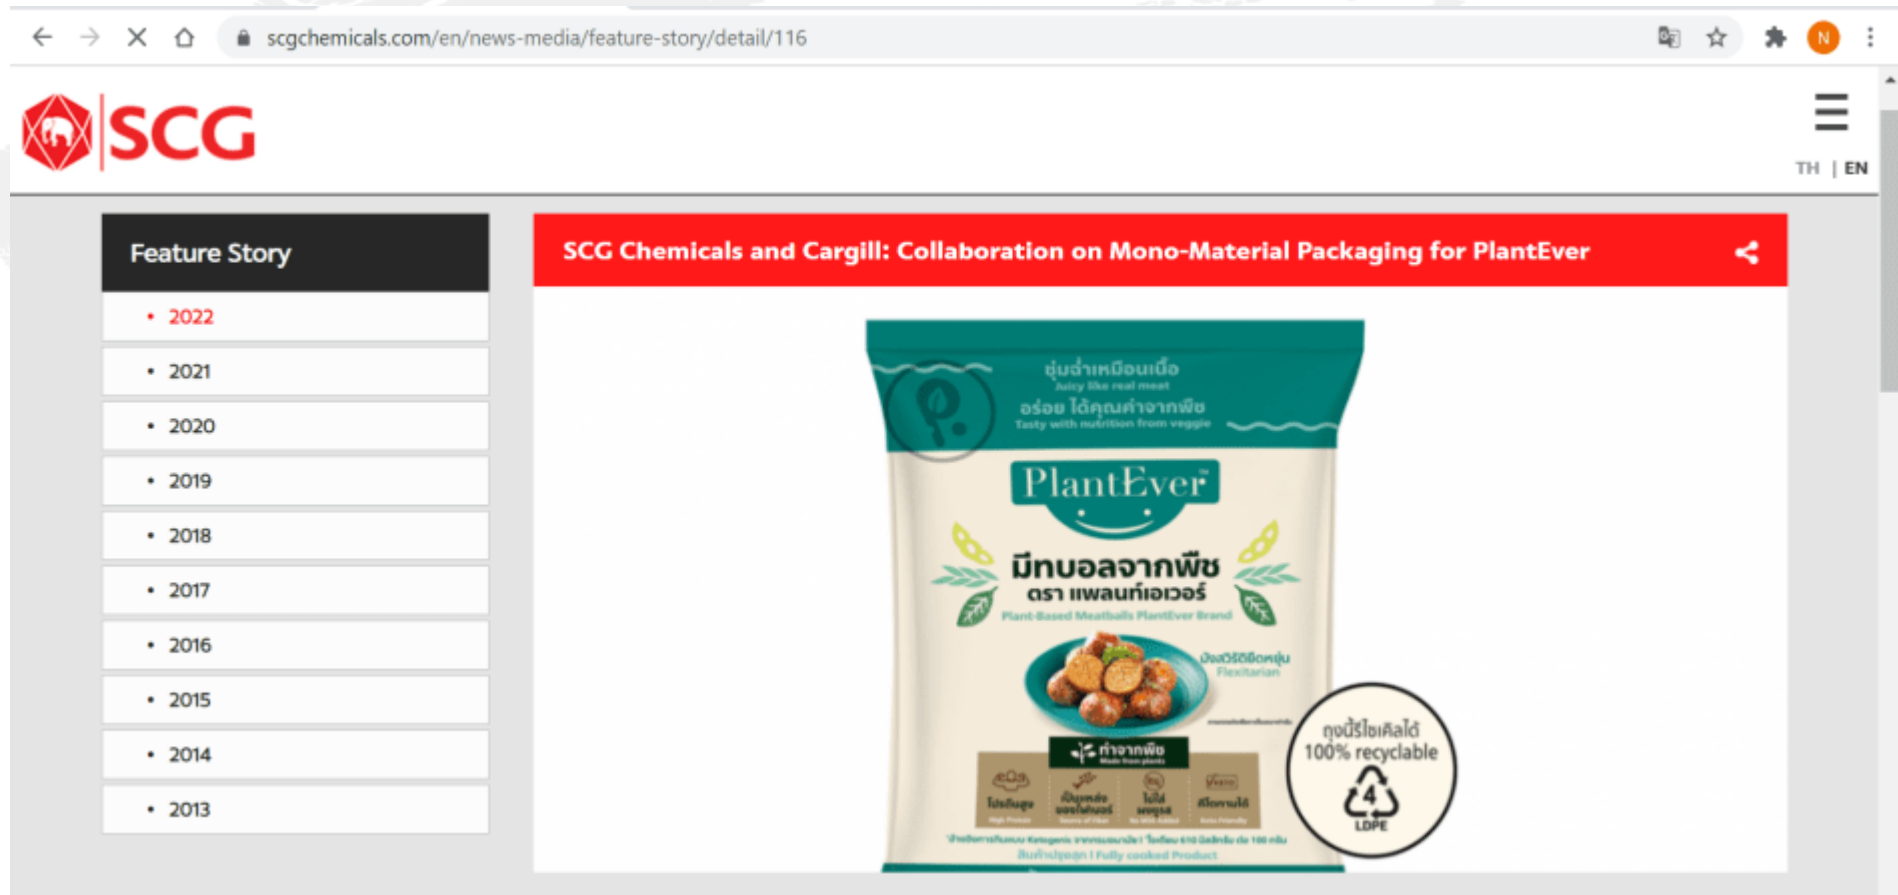

The screenshot shows a web browser displaying a press release from SCG Chemicals. The URL is [scgchemicals.com/en/news-media/news-events/press-release/detail/558](https://scgchemicals.com/en/news-media/news-events/press-release/detail/558). The page features the SCG logo and a navigation menu. The main content area has a red header with the following text: "SCG Chemicals Becomes Thailand's First Company in Petrochemical Industry Certified with ISCC PLUS Throughout Whole Supply Chain, Accelerating Advancement of High-Quality Post-Consumer Recycled Resins to Meet ESG Commitment". Below the header is a photograph of a pallet stacked with white bags of polymer. To the right of the photo is the "SCG GREEN POLYMER™" logo. On the left side of the page, there is a "Press Release" sidebar with a list of years from 2014 to 2022, with 2022 highlighted in red.

The screenshot shows the LG Energy Solution website's ESG Initiative page. The browser address bar displays 'lgensol.com/en/esg-initiative'. The navigation menu includes 'Business', 'ESG', 'Company', 'IR', and 'Career'. The breadcrumb trail is 'Main > ESG > ESG Initiative'. The main heading is 'ESG Initiative'. Below it, a paragraph states: 'LG Energy Solution is committed to creating values for sustainable future by strengthening environmental, social and governance (ESG) management. It intends to track the progress using ESG indicators, disclose the information in a transparent manner, and leverage partnership with relevant stakeholders by joining global initiatives.' The page features three logos: 'Responsible Business Alliance Affiliante Member', 'Responsible Minerals Initiative', and 'Responsible Labor Initiative'. To the right, there are two sections: 'RE100 (Renewable Energy 100%)' and 'EV100 (Electric Vehicle 100%)'. The RE100 section mentions joining in April 2021 and committing to 100% renewable electricity by 2030. The EV100 section mentions joining in April 2021 and switching fleets to electric vehicles by 2030.

**Thank You!**
