***Requests for Assistance.* What kind of support (except monetary support) your Society would like to have from other Society(-ies) or LESI in order to support your Society?**

We hope that our wish to host the next WPM (in 2020) in Israel will come true. Some discussions were conducted with the next president elect but at the time this report is written – the status is not clear. We truly believe that such event will help us in increasing awareness in Israel (Start up nation with a lot of technology created and licensed) and give a boost to recruiting of new members. We are fighting quite hard to keep the number of members. More about this matter – please see our ‘Other comments’ in the 2018 report.
