Does your society have (or plan to start) a Young Members Congress (YMC)? Would your Society be interested in becoming more involved in WILA? If so, please provide a contact for each.

Our society would be interested in becoming more involved in the Women in Licensing Alliance (WILA). Please contact Michelle Ray-Jones regarding this (michelle.r@tilleke.com).

How can LESI or other LES Societies further support you?

As the members of LES Thailand have a wealth of experience to share, we would appreciate support from LESI and LES Societies through invitations to participate as speakers or moderators in more LESI events or events of other Societies. Among many other organizations, members of LES Thailand include individuals from SCG Chemicals, the National Science and Technology Development Agency, the Thailand Center of Excellence for Life Sciences, King Mongkut's University of Technology Thonburi, and the law firms of Tilleke & Gibbins and Yusarn Audrey.

We would also be grateful if LESI could offer educational certification to members, as our members have identified this as an area of interest. Ideally, LESI would offer a course that certifies an individual as a licensing professional, and awards a certificate as a result of course attendance, study and examinations.

To increase LESI member interaction, LESI could consider organizing small member meetings during the course of attendance at other international IP or technology conferences.
