**Does your society have (or plan to start) a Young Members Congress (YMC)? Would your Society be interested in becoming more involved in WILA?** If so, please provide a contact for each.

*Our Board of Directors has agreed to manifest the interest of hosting a LESI Meeting (a meeting which our size and capabilities allow us to develop) during the next years. Even, we are available for working on the organization of any of these activities since 2025. For instance, YMC, LESI Winter Planning among others.  
Yes, we are interested in becoming more involved in WILA. We have a thematic committee in this area.*

**How can LESI or other LES Societies further support you?**

*- It is important to translate and communicate to the local members the power of the LESI tools (networks, access to educational contents, certifications, etc.). Promotional webinars of LESI and easy ways to access networking and tools. Maybe, each new member of the local chapter should receive a communication from the LESI President and the local president welcoming. In our vision, the value of being part of a local chapter of LES is to be effectively connected with the global community.  
- Sponsorship for applications to grants. Funds for organizing events are always limited. Time to time some contests are open for applying funds. Having the sponsorship of LESI should be important for improving the option of getting those grants.*
