*The High-Growth Technology Business Conference 2023 (HTBC 2023) was held in Bangkok, Thailand on 2 & 3 November 2023. This was organized by LES Thailand with support from LES Singapore and LES Italy. The audience heard keynotes on topics such as Manufacturing Trends and IP Strategies, given by Audrey Yap, Past President LESI. The audience also enjoyed sessions on AI, standard essential patents, and other hot topics. On the second day, skilled trainers provided valuable knowledge in the areas of trade secret management, transaction-based growth management, and innovation ecosystem management. There were approximately 40 attendees at this event.*

*On 16 February, following the LESI Winter Planning Meeting 2024, LES Thailand, with support of LESI, held an event entitled "Cutting-edge Strategies for Global IP Licensing". Several LESI members from around the world participated as speakers. The event featured topics such as cross-border licensing practices, patent pools, online enforcement strategies, and AI developments in Thailand. There were approximately 40 attendees at this event.*

**Does your society have (or plan to start) a Young Members Congress (YMC)? Would your Society be interested in becoming more involved in WILA?** If so, please provide a contact for each.

We do not currently have/plan to start a YMC. Regarding WILA, this year, we are not aware of any members who are interested in becoming more involved, but we will let you know if this changes.

**How can LESI or other LES Societies further support you?**

We would appreciate support from LESI and other LES Societies in collaborating in online events which our LES Thailand members can participate in, since many of our members cannot travel to the Annual Meeting or other conferences which take place abroad.
