

LESI International Management & Delegates Meeting (IMDM)
Dublin
26 April 2026

2026 LES Society Fact Sheet

Thank you for providing us with an updated LES Society Fact Sheet. This information helps us share your annual activities with the LESI Board and the Membership Committee. We have also asked for some data on your members (while helpful, we appreciate that not all societies might have this data).

<i>Corporate</i>		
<i>Law Firm</i>	11	
<i>IP consulting or Services</i>		
<i>University</i>		
<i>Other</i>		
Young Members (< 40 years of age):	2	

SOCIETY ACTIVITIES

Notable Society Activities / Educational Events during the past year: *(please include the date, purpose and number of attendees)*

We hosted the LES AMERICAS annual conference in Lima, Perú. This was just now at the beginning of March. The purpose of the conference was to group all LES Societies from America to bring together experts, policymakers, industry leaders, and academics to exchange insights, foster collaboration, and promote sustainable technological growth through the strategic management of IP assets in the region.

The topic centered in licensing, technology transfer, and intellectual property (IP) in enhancing innovation and competitiveness across the mining, energy, agri-tech, and food industries.

Total attendees – 55 to 60

Please List Your Professional Committees and primary contacts for each (e.g., Education, Life Sciences, Transportation, Branding):

We currently do not have Professional Committees formally created. Instead, we pick on different topics, share information regarding changes in the law or relevant jurisprudence in the region.

Does your society have (or plan to start) a Young Members Congress (YMC)? Would your Society be interested in becoming more involved in WILA? If so, please provide a contact for each.

No, we do not have a YMC, however, we would very much like to participate.

Santiago Mayora would be the contact person.

How can LESI or other LES Societies further support you?

With Certified members belonging to other Societies co-participating in Educational Courses. We would very much like to create "clinics" for different audiences (academic, businesses, etc.) where several senior members of LESI may assist in a University forum or different Chambers (Commerce or Industry)

Report completed by : Santiago Mayora B.

Date : March 31st, 2026
