SOCIETY ACTIVITIES

Notable Society Activities / Educational Events during the past year:

(please include the date, purpose and number of attendees)

Participation in a pilot program "Quality Advisory Panel" launched by the Polish Patent Office

LES Poland participates in a pilot program launched by the Patent Office of the Republic of Poland under the name of "Quality Advisory Panel". The aim of the Panel is to enable social organizations to engage in improving the quality management system in the Office, by directly contributing to improving the clarity, consistency and predictability of decisions issued by the Office in matters of oppositions to trademark applications and in matters of patent invalidation.

The substantive work of the Panel has now completed and final conclusions are expected end of March 2026.

Please List Your Professional Committees and primary contacts for each (e.g., Education, Life Sciences, Transportation, Branding):

Does your society have (or plan to start) a Young Members Congress (YMC)? Would your Society be interested in becoming more involved in WILA? If so, please provide a contact for each.

Yes, members of LES Poland would be interested in becoming more involved in both YMC and WILA, depending on whether LES Poland would be continued.

How can LESI or other LES Societies further support you?

To be discussed – signing up LES Poland members in other LES Societies, preferably LES Scandinavia, due to expected termination of LES Poland activities.
